

SynergyTM

TANK CLEANER

Liquid spray equipment cleaner that can
remove pesticide residues

5 Litres

PLEASE READ THE LABEL COMPLETELY BEFORE USE

WARNING: HARMFUL, ECOTOXIC

May cause eye and mild skin irritation. Harmful to aquatic organisms.

PRECAUTIONS

STORAGE: Keep out of reach of children. Store in the original container in a secure place.

PERSONAL PROTECTION: Avoid contact with eyes and skin. Avoid inhalation of spray mist. When mixing or applying, wear overalls, boots, gloves, and eye protection. Clean protective clothing daily after work. Do not eat, drink or smoke while using. Remove protective clothing and wash hands and face thoroughly before meals and after work.

DISPOSAL: Dispose of this product only by using in accordance with this label. Triple rinse container and add rinsate to the spray tank. Dispose of container to a suitable landfill or agricultural recycling scheme.

ENVIRONMENTAL: Use this product carefully. Do not contaminate aquatic environments with product, spray drift or empty container.

First Aid

If swallowed do not induce vomiting. If splashed in eyes, wash out immediately with running water for several minutes. If skin or hair contact occurs, remove contaminated clothing and wash with soap and running water. If inhaled, immediately move to fresh air and rest. Maintain half upright position if breathing is difficult. Call the National Poisons Centre **0800 POISON (0800 764 766)** (24 hrs) or a doctor immediately for advice.

Emergency Response

In a transport emergency call **111, Police or Fire Brigade**. For specialist advice in an emergency only, call **0800 CHEMCALL (0800 243 6225)** (24 hrs).

Spillage

Exclude non-essential people from the area. Wear protective clothing and prevent material from entering waterways. Absorb spill with inert material such as soil, sand, etc, and place in a waste container. Wash area with water and detergent, and absorb with further inert material. Dispose of safely to a suitable landfill.

Safety Data Sheet

Additional information is provided in the safety data sheet. Freephone **0800 ORIONAS (0800 674 6627)** or visit www.orionagriscience.co.nz.

GENERAL INFORMATION

Synergy Tank Cleaner is specifically formulated for use in cleaning spray tanks, pumps, hoses, booms, nozzles and all other spray gear. It is suitable for cleaning after the use of a wide range of crop protection products including herbicides, insecticides, fungicides, and plant growth regulators.

Active Ingredient: Alkyl phenol ethoxylate

DIRECTIONS FOR USE

Half fill the spray tank with clean water and engage the agitation. Slowly add 250 mL of Synergy Tank Cleaner for every 100 litres of water added. Agitate for approximately 15 minutes. Ensure all internal areas of the tank have been rinsed, and then empty the tank through the pump, boom, nozzles, etc. During the emptying process, engage any bypass or other circuits and outlets to ensure that all areas are rinsed through. Once empty, refill the tank with clean water, and repeat the emptying process again as above.

For Knapsack and motorbike sprayers, half fill the tank, and add 25 ml of Synergy Tank Cleaner for every 10 litres of water. Agitate vigorously, and circulate through pump, hose, etc., by spraying back into the tank. Empty, refill with clean water and recirculate again.

CAUTION: Some crop protection products, particularly herbicides such as phenoxyes (e.g., 2,4-D) and sulphonylureas (e.g., metsulfuron-methyl) can be very difficult to remove completely by cleaning alone. Residues of these products can be very active at extremely low rates on susceptible crops, and care must be taken to follow up cleaning with thorough decontamination procedures. Do not flush spray equipment near to desirable plants or their roots.

WARRANTY

This formulation is warranted to contain the specified ingredient(s) within accepted analytical tolerance when packed. The user bears the risk for damage resulting from factors beyond the manufacturer's control. The manufacturer declines all liability for damage resulting from improper storage or use of the product.
