

# MP FIELD PRO

**25-1-5 40% Methylene Urea + 35% UFLEXX™ + 5% Fe**  
SGN 200

MP FIELD PRO has 40% nitrogen derived from methylene urea and 35% from UFLEXX™ stabilised nitrogen. UFLEXX™ contains two inhibitors that reduce nitrogen loss to ammonia volatilization and nitrate leaching. The combination of these two slow release nitrogen technologies provides greater longevity. MP FIELD PRO contains 5% iron for green up without excessive growth with all the potassium in the safer sulphate form.
