## MP N-DURE

46-0-0

MP N-DURE is uniquely formulated with an urease inhibitor, NBPT and the leading nitrification inhibitor, Dicyandiamide. Together, these additives work synergistically to overcome nitrogen loss from urea due to volatilisation, denitrification, and leaching. The result is that more of the nitrogen applied stays where it is intended for improved performance, value, and environmental responsibility.

Guaranteed Analysis			
46%	Nitrogen (N)		
0%	Phosphorus (P)		
0%	Potassium (K)		
0%	Sulphur (S)		
Derived from: Stabilised urea nitrogen
