

ALLSTAR FORE

Perennial Ryegrass

Great Seed ... Great Results

Allstar Fore

Allstar Fore perennial ryegrass has superior resistance to Grey Leaf Spot, Red Thread, Crown Rust and Pink Snow Mould, thus reducing inputs. The very dark green colour and winter colour retention makes Allstar Fore perfect for all uses from winter overseeding to permanent turf.

Allstar Fore also shows superior Wear Tolerance at all cutting heights for use on sports fields, golf courses and home lawns. Allstar Fore has excellent resistance to many stresses from winter, to drought and saline water.

Features & Benefits

- Heat and drought tolerant
- High resistance to disease
- Attractive dark green colour
- Superior winter colour retention
- Excellent turf quality
- Exceptional wear tolerance
- Low Endophyte for improved end of season removal out of Warm Season Turf

Seeding Rates

- 30-50g per sqm
- 3-5kg per 100 sqm
- 300-500kg per Ha
