

MP BALANCE PRO

20-0-12.5 + 3% Fe
200-225 SGN

UNIQUE FEATURES

- 42% of the nitrogen is derived from methylene urea – slow-release nitrogen provides extended feeding
- 58% of the nitrogen is in a quick-release form of ammonium sulphate, which promotes rapid green-up and recovery
- Contains 3% iron

TECHNOLOGY

MP BALANCE PRO contains methylene urea slow-release fertiliser technology which is well proven to provide a gradual consistent nutrient release delivering up to 8 weeks of continuous feeding. In addition, the combination of urea and ammonium sulphate provides upfront nitrogen that is responsive when soil temperatures are low. Iron provides deep green colour without excessive top growth.

USE PATTERNS

Use MP BALANCE PRO at a rate of 180 kg/ha (9 bags) to 300 kg/ha (15 bags). Apply to dry turf then wash-in or allow overnight irrigation or rain to wash-in. It is important to calibrate application equipment before applying product to turf.

GUARANTEED ANALYSIS

Nitrogen (N)	20%
(Urea Nitrogen 9.6%)	
(Ammoniacal Nitrogen 2%)	
(Water Insoluble Nitrogen (WIN) 3.1%)	
(Other water soluble nitrogen 5.3%)	
Potassium (K)	12.5%
Sulphur (S)	2.7%
Iron (Fe)	3%

Derived From:

Methylene urea, urea, ammonium sulphate, muriate of potash, iron oxide, iron sulphate.

APPLICATION RATES

180 to 300 kg/ha or 1.8 to 3 kg/100m²
