

# MP SOLUPLUS BENT

**26-2-10 + Trace Elements + Triacontanol**

## UNIQUE FEATURES

- Specialised high performance blend for Bentgrass maintenance during the growing season
- High nitrogen (26%) that contains three nitrogen sources for quick green-up and longevity
- Full trace element package
- Highly soluble nutrients, non-burning at recommended rates
- Contains triacontanol a naturally occurring plant growth enhancer

## TECHNOLOGY

MP SOLUPLUS BENT contains three highly soluble forms of nitrogen via urea, ammonium and nitrate. All trace elements are in chelated form making it easily available for plant uptake. Triacontanol aids in rapid absorption of nutrients to deliver a natural green up by increasing chlorophyll density. Triacontanol is known to enhance photosynthesis for overall plant health and resilience.

## USE PATTERNS

Use MP SOLUPLUS BENT as a soluble fertiliser for foliar application to turf. MP SOLUPLUS BENT is a specialised high performance blend for Creeping Bentgrass maintenance during the growing season.

## GUARANTEED ANALYSIS

<b>Nitrogen (N)</b>	26%
as Urea N	14%
as Ammoniacal N	8%
as Nitrate	3.6%
<b>Phosphorus (P)</b>	2.0%
<b>Potassium (K)</b>	10%
<b>Trace Elements</b>	3.0%
<b>Iron (Fe)</b>	0.18%
<b>Manganese (Mn)</b>	0.09%
<b>Zinc (Zn)</b>	0.05%
<b>Copper (Cu)</b>	0.02%
<b>Boron (B)</b>	0.06%
<b>Molybdenum (Mo)</b>	0.009%

Plant nutrients derived from urea, potassium nitrate, ammonium phosphate, ammonium sulphate, sodium molybdate and boric acid. Iron, manganese, zinc, and copper are chelated.

## APPLICATION RATES

Sportsfields, Golf Fairways and Amenity Lawns	20 to 60 kg/ha in 250 L water 300 to 600 g/100m <sup>2</sup> in 5 L water
Golf Greens, Tees and Surrounds	10 to 60 kg/ha in 250 L water
Bowling Greens	3 to 8 kg/green in 50 L water
