

CHALLENGER
PREMIUM TURF SEED

MP LANDSCAPE

Amenity Turfgrass Blend

DESCRIPTION

MP LANDSCAPE is designed specifically for amenity use in New Zealand parks and lawns. The blend of premium fine fescues and browntop provides a durable grass suitable for irrigated and non-irrigated areas. The blend of premium rygrasses, chewings – strong creeping red fescue and browntop combination delivers diverse characteristics, making MP LANDSCAPE suitable for use in a wide variety of conditions.

USES

- Amenity Parks
- Lawns
- Tennis Courts
- Croquet Lawns
- Roadsides
- School Grounds

COMPOSITION

70%	Premium fine turf perennial ryegrass
27%	Fine fescue
3%	Browntop

UNIQUE FEATURES

- Medium to dark green colour
- Fine dense sward
- Diverse blend for good summer heat tolerance
- Fast germinating for quick establishment
- Tolerates close mowing, sun and shade
- Stays green year-round
- Excellent wear properties

SEEDING RATES

Bare ground:
30 to 50 g/m²
3 to 5 kg/100m²
300 to 500 kg/ha

ESTABLISHMENT AND GROW-IN TIPS

To ensure full realisation of the seed genetics, it is critical to supply suitable nutrition to the germinating and establishing seedling. Consider these steps and ask your Technical Representative for more details.

1. Apply **MP ROOTS + MP REINFORCE + TriCure AD** directly over the top of newly sown seed
 2. Apply **MP TURF STARTER** 7 to 10 days later
- **MP ROOTS** delivers an accessible balanced nutrition package in combination with rhizosphere stimulating bacteria and VAM (Vesicular Arbuscular Mycorrhizas).
 - **MP REINFORCE** delivers readily available silica for deposition in early roots and leaves, encouraging seedling strength and vitality.
 - **TriCure AD** increases water uptake for faster germination, while promoting uniform water distribution in the germination zone to ensure the seedling has unincumbered access to water and nutrients. Increased root mass and length has been documented (Rutgers University, 2001).
 - **MP TURF STARTER** is perfect as the nutritional base in the soil to set the seedlings up for the entire growing season.

Untreated

Treated - MP ROOTS + MP REINFORCE
