

MP CARBON CAL

2-0.4-1.2 + Ca + Mg + Carbon + Humates

SGN 120

MP CARBON CAL offers a balanced mix of NPK to support optimal turf health and growth. Enriched with calcium and magnesium, it contributes to soil structure aiding in improved water retention and nutrient availability. With added organic carbon, it boosts soil organic matter, supporting microbial activity and nutrient cycling for long-term soil health. Humates further enhance nutrient uptake, water retention, and soil structure, while also improving stress tolerance in turf.
