

# MP CARBON GREEN

**9-1-9 + Carbon + Ca + Mg + Humate**

SGN 120

MP Carbon Green® combines powerful organic carbon, unique organics, slow release nitrogen (51% as Methydure) and critical soil nutrients in a single homogeneous granule to maximise uniformity of distribution and subsequent turf response. Apply MP Carbon Green® to enrich tested soil with organic carbon, maximise nutrient turnover, enhance cation exchange capacity, buffer soils against potential pollutants and boost moisture holding capacity.
