

# MP CARBON SPORTS®

## 18-0-0 + Carbon + Humates + Mn

160 SGN

**MP CARBON SPORTS** combines powerful organic carbon, unique organics, slow release nitrogen (37% as methylene urea) and essential trace elements in a single homogeneous granule to maximise uniformity of distribution and subsequent turf response. Each **MP CARBON SPORTS** granule contains the perfect ratio of carbon and humates to maximise efficient delivery of nitrogen to the plant. Contains iron, magnesium and manganese to accentuate deep green colour.
