

MP ROSE & FLOWER FOOD

7-4.5-12.9 + Traces + Biology

MP ROSE & FLOWER FOOD is a granular mineral based fertiliser for sustained nutrient release. It contains beneficial microbes for a healthier soil and optimisation of nutrient uptake. Added phosphorus for strong healthy root development, extra potassium for improved flower quality and pest & disease resilience. It contains trace elements, added calcium for fruit & vegetables, silicates to harden against stress and is an excellent food source for flowering plants.
