# About FountainLine

FountainLine is an integrated manufacturer of line marking machines and line marking paints that cater for a variety of budgets and users, from professional stadiums to small sporting clubs. Established in the 1930s, FountainLine's strength is in its integrated components manufacturing capability which is recognised as a market leader.

FountainLine's team of dedicated professionals believe in building long-term relationships with our clients. Our success is founded on a customer-focused and solutions-driven approach to our products and services.

We understand that everyone's needs are different, so we work with you in providing a range of quality line marking machines to choose from, as well as a superior range of line marking paints and machine accessories to meet your particular needs.

## OUR HISTORY

### The Choice of Champions for Over 90 Years

The FountainLine story is inextricably linked with the development of the line marking industry in Australia.

Founded by John McGain in the early 1930s, FountainLine is a progressive company that has stood the test of time through focusing on sound business principles. Starting from humble beginnings, FountainLine has provided outstanding workmanship and been dedicated to looking after their customers. Our priority since the 1930s has been to build strong customer relationships first and foremost.

To this day, these business values extend to all people associated with the business: customers, suppliers and employees alike. Even with the latest technology and innovations, this customer-centric business philosophy is the key to FountainLine's long history and success.

Today, FountainLine is a leader in the manufacture of line marker machines, line marking paint, and accessories. FountainLine continues to provide outstanding service to its customers and is at the forefront of the line marking industry.

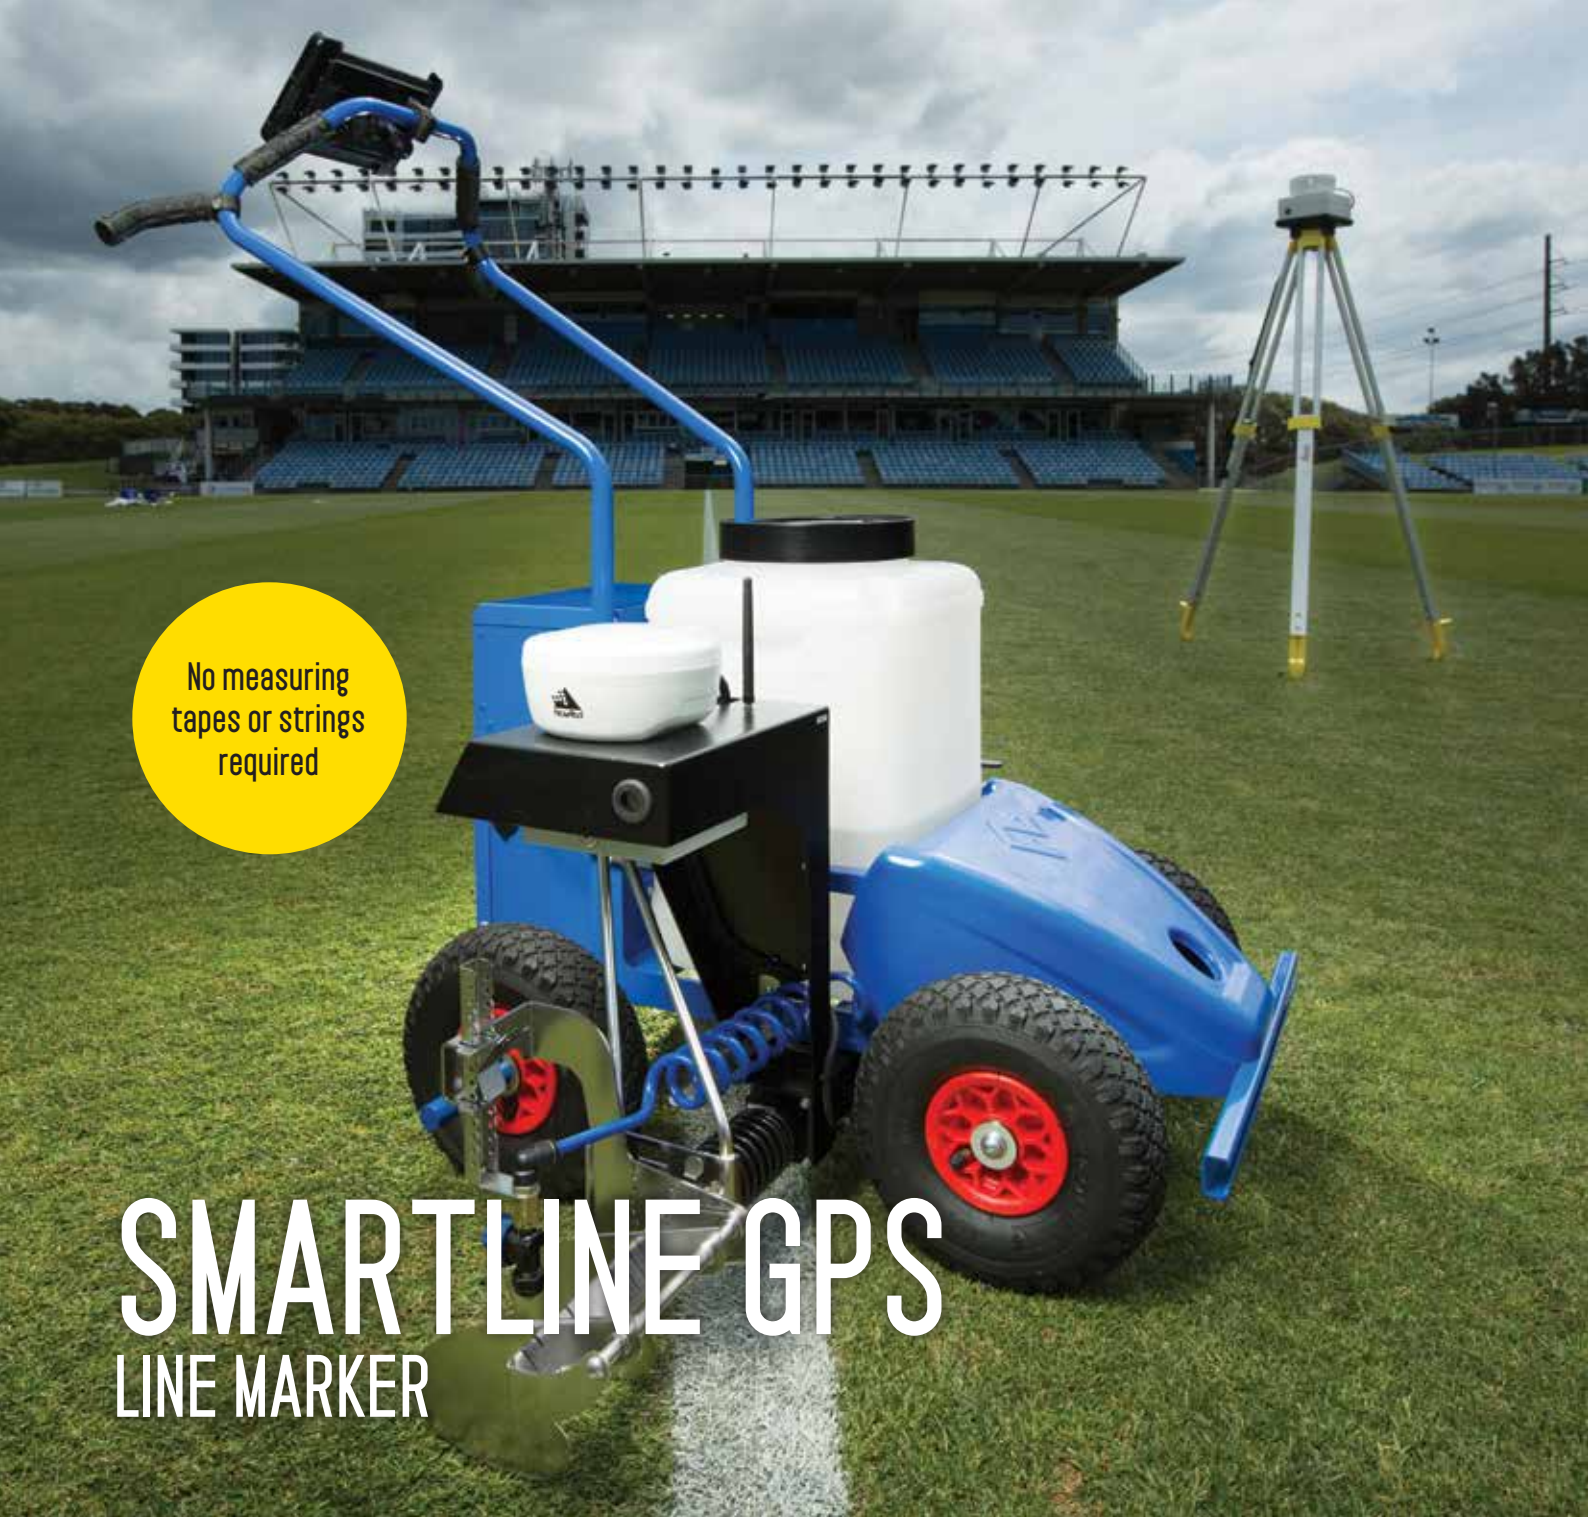

The future holds many challenges for the industry — constantly improving the line marking machines, while maintaining ecologically safe products to world-class standards.

We hope you will benefit from FountainLine's vast experience and take part in line marking history. Experience it now — past, present and future.

# SMARTLINE GPS

## LINE MARKER

▶ Advanced GPS technology

▶ Circles are made easily and joins within 10mm accuracy

The perfect line marker for large sport facilities. A Ride-On drive unit can be docked to a SmartLine GPS cart. It allows for an uninterrupted workflow to mark multiple fields whilst maximising operator efficiency.

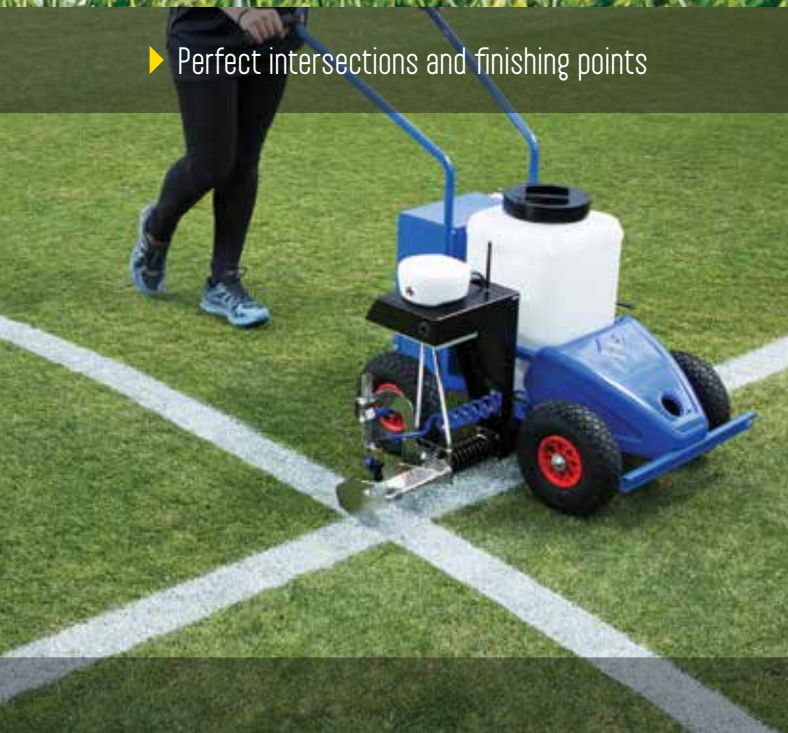

## SMARTLINE GPS LINE MARKERS

- ✓ Auto start/stop paint nozzle arm in conjunction with nozzle ensures sharp straight lines.
- ✓ Line marking with one person – up to 75% time savings. Effortless and quicker.
- ✓ Advanced GPS technology – continuous line quality with 100% accuracy.
- ✓ Over 100 sports field templates and ability to survey fields.
- ✓ 1000s of variations to customise to ensure field fits and meets user needs.
- ✓ FastClean™ System – simply connect your hose and your line marker is cleaned in seconds.

NEW

# SMARTLINE GPS RIDE-ON LINE MARKER

▶ Perfect intersections and finishing points

▶ Straight lines, no strings

QUALITY GUARANTEED  
**10 YEAR**  
WARRANTY

The Australian made, designed and manufactured ProLine V4 is the most advanced pedestrian line marking machine on the market.

The new DuraFlow jet nozzle system ensures even sharper, brighter lines than ever before, coating both sides of the grass leaf — increasing durability and reducing the need to over mark as often — saving time and money!

With innovations such as our patented FAST CLEAN™ System, large 30 litre tank, QUICK MIX™ System and adjustable marking discs, the ProLine V4 ensures maximum operator convenience, comfort and efficiency.

The ProLine V4 is robust and economical, with one tank of paint rated to produce coverage over 800m with a 50mm wide line (approximately one full sized soccer field). And when used exclusively with our FountainLine paint range, the ProLine V4 is guaranteed for 10 years!

# PROLINE V4

## LINE MARKER

Maintain your 10 year warranty when you use FountainLine Paint.

### ✓ Variable position and line width mechanism

Position either side or in the middle of the linemarker to produce lines between 50mm to 100mm, and ensures user doesn't walk on freshly painted lines.

### ✓ QUICK MIX™ System allows mixing without mess

Easy to remove container holds 30 litres of line marking liquid allowing for fast, easy, mess-free colour swapping.

### ✓ Super Heavy Duty Pump

RDS pump ensures over 2000 hours of trouble-free line marking.

### ✓ FAST CLEAN™ System

Connect your hose and your line marker is cleaned in seconds!

### ✓ Sturdy frame with four pneumatic wheels

Allows more contact with the ground with extra user comfort.

### ✓ DuraFlow Jet Nozzle System

Coats both side of the grass leaf resulting in double brightness, longer lasting lines without extra paint consumption.

## ATHLETICS BOOM ATTACHMENT

Converts the ProLine V4 into an athletics field line marker in seconds.

- ✓ Save 80% marking time with this revolutionary attachment.
- ✓ Maintain consistency of line width — professional results guaranteed.

## HAND SPRAY ATTACHMENT

Converts the ProLine V4 into a hand spray unit in seconds.

- ✓ Ideal for stencil and logo work — complete those difficult jobs in record time with ease and outstanding results.
- ✓ Multiple applications — fertiliser and herbicide spray.

This versatile, simple to use battery powered line marking machine is the perfect solution for small clubs or schools that are marking 1-2 fields at a time.

Lightweight and foldable for easy storage, the ClubLine 2 features a convenient 16 litre tank, with variable marking discs adjustable to produce lines of 50mm, 75mm or 100mm wide.

The ClubLine 2 is robust and economical, with one tank of paint rated to produce great coverage over 700m with a 50mm wide line. And with our patented FAST CLEAN™ System, cleaning is a breeze — simply connect your hose for a clean machine in seconds!

# CLUBLINE 2

## LIQUID LINE MARKER

To ensure long-lasting vibrant lines, we recommend FountainLine Paint, available in 10 litre buckets and a range of colours.

### ✓ Variable spray widths

Choose the width of your marking with discs that can be readily adjusted to 50mm, 75mm or 100mm.

### ✓ Convenient and lightweight size

The 16 litre tank means the machine remains light, and foldable handle makes for easy storage.

### ✓ Heavy duty pump

Provides over 2000 hours of line marking.

### ✓ FAST CLEAN™ System

Simply connect your hose and your line marker is cleaned in seconds!

Use the EzyLine when you need to change or remove lines quickly.

## EZYLINE LINE MARKER

This easy to use line marker is the perfect choice for all grass sport fields where lines need to be changed or removed quickly. Available in four sizes, 75, 100, 125 and 150mm, the EzyLine rolls the grass and coats the surface on one side. For longer lasting lines and increased visibility from a distance, we recommend marking the line in both directions.

- ✓ Easy to use
- ✓ No battery to charge or mechanical parts to worry about
- ✓ Stress-free line marking at an affordable price

## AEROSOL LINE MARKER

This simple to use machine is lightweight and perfect for lines on both hard and soft surfaces. The four wheel design guarantees stability and accuracy when line marking, and the adjustable aerosol delivery arm allows variable line widths between 50-100mm.

Robust design and four wheels offers stability on both hard and soft surfaces.

One cube of paint can mark up to 20 standard bowling greens.

## FINELINE BOWLING GREEN MARKER

The FineLine makes messy chalk string lines a thing of the past! Our easy to use Pour n Push method will have you marking lines like a professional in no time. Producing lines of approximately 3-5mm (depending on grass length), the FineLine is extremely economical, using about half a litre of paint per mark of a standard bowling green.

Save on storage space. Our 10L qubes occupy 40% less space than traditional round buckets.

- ✓ HydroPhobic formula for rain fastness
- ✓ High pigment concentration for brighter and longer-lasting lines
- ✓ Non-settling formula for longer storage life
- ✓ Lasts up to 6 weeks when over marking

# XTREME LINE MARKING PAINT
